

## **Yates Baptist Church**

**Effective January 1, 2026**

### **Blue High Performance Network**

**Prepared By**

**GARY M NANCE**

**Prospect # 419116**

**Quote # 6906478**

The benefit highlight is a summary of Blue High Performance Network benefits. This is meant only to be a summary. You will also be receiving a Summary of Benefits and Coverage document (referred to as an SBC) required under Health Care Reform. Both documents are provided as a convenience to compare available health plan coverage options. Final interpretation of the Blue High Performance Network health plan and a complete listing of benefits and what is not covered are found in and governed by the group contract and benefit booklet. You may preview the benefit booklet by requesting a copy of the Blue High Performance Network benefit booklet from Blue Cross and Blue Shield of North Carolina (Blue Cross NC) Customer Service.

The Blue High Performance Network is a national provider network. Not all providers are in this network. Employees must live or work in a High Performance Network Area to receive benefits for all covered dependents.

## Blue High Performance Network Benefit Highlights (HPN)

The amounts that appear on this benefit highlight represent Member responsibility.

This Benefit Overview describes your coverage and cost sharing amounts, including deductible, coinsurance, copayments and out-of-pocket maximum, under this plan.

General Cost Share & Features	In-Network
<b>Embedded Medical Deductible</b> -Per Benefit Period	\$4,000/Individual \$4,000/Family Member \$8,000/Family
<b>Coinsurance</b>	30%
<b>Embedded Out-of-Pocket Maximum</b> -Per Benefit Period -Medical and Drug Combined	\$9,500/Individual \$9,500/Family Member \$19,000/Family

<b>Preventive Care</b>	
Preventive Care-For the most updated list of general preventive/screenings, immunizations, well-baby/well-child care, women's preventive care services, nutritional counseling and other services mandated under Federal law, see our website at <a href="http://bluecrossnc.com/preventive">bluecrossnc.com/preventive</a> . State mandated services include colorectal screening, bone mass measurement, newborn hearing screening, prostate specific antigen tests (PSAs), gynecological exams, cervical cancer screening, ovarian cancer screening and screening mammograms.	
Primary Care Provider	No Charge
Specialist	No Charge
<b>Physician Office Services</b>	
Physician Office Services-Includes all Office Visits regardless of specialty or diagnosis (including medical and infertility therapies and pre-natal/post-delivery care unable to be included in the global delivery fee). Includes Office Surgery, Consultation, and X-rays, unless otherwise specified. (For sinus surgery performed in an office setting, see "Inpatient and Outpatient Services.")	
Primary Care Visit Log in to Blue Connect to select your Primary Care Provider (PCP). Your Copay is waived for your first 3 visits to your selected PCP.	\$45
Specialist	\$135
Mental Health and Substance Use Disorder	\$45
Vendor Telehealth Includes Telehealth services for Acute Care and Mental Health Teletherapy	No Charge
<b>Urgent and Emergency Care</b>	
Emergency Care- Out-of-Network Emergency Room services are payable at the In-Network level and applied to the In-Network Out-of-Pocket Limit regardless of where they are obtained.	
Ambulance	30% after deductible
Emergency Room Visit (with or without Observation)	\$1,000
Emergency Room Visit (with Inpatient Admission)	30% after deductible
Urgent Care Services You pay \$135 when visiting any urgent care provider outside of the HPN product area.	\$135
<b>Inpatient and Outpatient Hospital Services</b>	
Includes all Inpatient Hospital Services regardless of diagnosis (including, but not limited to, medical, mental health, substance use disorder, infertility, therapies, transplants, deliveries, and surgeries). If you receive care at a Blue Distinction® Center (BDC), your out-of-pocket expenses may be less. You may reduce your coinsurance by 10% simply by utilizing an outpatient or inpatient BDC. Please visit <a href="https://www.bluecrossnc.com/bdc">https://www.bluecrossnc.com/bdc</a> for more information, including the most up-to-date list of specialties, and to find a BDC near you.	
Ambulatory Surgical Center-Facility	30% after deductible
Ambulatory Surgical Center-Professional	30% after deductible
Facility Services	30% after deductible

## Blue High Performance Network Benefit Highlights (HPN)

Professional Services	30% after deductible
Hospital Based Clinics or Free-Standing Facility Services (other than preventive services above)	30% after deductible
Outpatient Lab Tests	30% after deductible

Speech Therapy (Rehabilitative/Habilitative)	30 visits/30 visits
Skilled Nursing Facility	60 days
Provider Office visits for the evaluation and treatment of obesity	4 visits
Nutritional Counseling	30 visits

# Additional Information about Blue High Performance Network

## What is Not Covered?

The following are summaries of some of the coverage restrictions. A full explanation and listing of restrictions will be found in your benefit booklet. Your health benefit plan does not cover services, supplies, drugs or charges that are:

- Not medically necessary
- For injury or illness resulting from an act of war
- For personal hygiene and convenience items
- For inpatient admissions that are primarily for diagnostic studies
- For palliative or cosmetic foot care
- For investigative or experimental purposes
- For hearing aids or tinnitus maskers, except as specifically covered by the benefit plan
- For cosmetic services or cosmetic surgery
- For custodial care, domiciliary care or rest cures
- For treatment of obesity, except for surgical treatment of morbid obesity, or as specifically covered by your health benefit plan
- For reversal of sterilization
- For assisted reproductive technologies as defined by the Centers for Disease Control and Prevention
- For self-injectable drugs in the provider's office
- For Urgent Care, Non-Urgent Care and Non-Emergency Care when seeing an out-of-network provider inside a Blue High Performance Network product area.
- For elective terminations of pregnancy
- For adult routine eye exams
- Weight Loss Drugs

## Allowed Amount

The maximum amount that Blue Cross NC determines is to be paid for covered services provided to a member.

## Benefit Period

The period of time, usually 12 months as stated in the group contract, during which charges for covered services provided to a member must be incurred in order to be eligible for payment by Blue Cross NC. A charge shall be considered incurred on the date the service or supply was provided to a member.

## Certification

Certification is a program designed to make sure that your care is given in a cost-effective setting and efficient manner. If you need to be hospitalized, you must obtain certification. Non-emergency and non-maternity hospital admissions must be certified prior to the hospitalization. If the admission is not certified, the claim will be denied. For maternity admissions, your provider is not required to obtain certification from Blue Cross NC for prescribing a length of stay up to 48 hours for a normal vaginal delivery, or up to 96 hours for delivery by cesarean section. You or your provider must request certification for coverage for additional days, which will be given by Blue Cross NC, if medically necessary.

All inpatient and certain outpatient Mental Health and Substance Use Disorder services, and all Adaptive Behavior Treatment must be certified in advance by Blue Cross NC or services will not be covered. Call Blue Cross NC at 1-800-359-2422. Mental Health and Substance Use Disorder office visits do not require certification.

In-network providers in North Carolina are responsible for obtaining certifications. The member will bear no financial penalties if the in-network provider in North Carolina fails to obtain the appropriate authorization. The member is responsible for obtaining certification for services rendered by an out-of-network provider in North Carolina or to any provider outside of North Carolina.

## Health and Wellness Program

Your benefits provide access to a variety of wellness programs and services to help you stay healthy. These include nurse support for chronic conditions, pregnancy and behavioral health, as well as tobacco cessation programs and exclusive member discounts on things like gym memberships, glasses, hearing aids and more. You can also access a wide selection of online and digital health and wellness tools and resources at [bluecrossnc.com](http://bluecrossnc.com) to help you take charge of your health!

## Out-of-Pocket Limit

The dollar amount you pay for covered services in a benefit period before Blue Cross NC pays 100% of covered services. It includes deductible, coinsurance and copayments. It does not include charges over the allowed amount, premiums, and charges for non-covered services.

## Utilization Management

To make sure you have access to high quality, cost-effective health care, we manage utilization through a variety of programs including certification, transplant management, concurrent and retrospective review. If you have a concern regarding the final determination of your care, you have the right to appeal the decision. For further information about our Utilization Management programs, please refer to your benefit booklet.

## MAC B

When choosing a prescription drug, you and your doctor should discuss whether a lower-cost prescription drug could provide the same results as a more expensive prescription drug. If you choose a brand-name prescription drug, your cost may be higher. Please note: You may pay a different amount in certain situations when choosing between generic and brand-name prescription drug. If you decide you want the brand-name drug on the higher tier instead of the generic equivalent on the lower tier, you will pay the brand-name copayment or coinsurance plus the cost difference between the brand-name allowed amount and the generic allowed amount. For prescription drugs received from an out-of-network pharmacy, you will also pay any charges over the allowed amount. You may not be required to pay the difference between the brand-name allowed amount and the generic allowed amount for certain brand-name prescription drug, if these criteria are met: 1) the brand-name prescription drug is on the Narrow Therapeutic Index (NTI). See [[ncbop.org/faqs/Pharmacist/faq\\_NTIDrugs.htm](http://ncbop.org/faqs/Pharmacist/faq_NTIDrugs.htm)] for a current list of these drugs; or 2) your provider has required the use of a brand-name prescription drug to treat your condition. Applicable copayment or coinsurance amounts may still apply. From time to time, members may receive a reduced or waived copayment and/or coinsurance on designated drugs in connection with a program designed to reduce prescription drug costs.

## Embedded Deductible Definition

This health benefit plan has an embedded deductible. The individual deductible applies if you select individual-only coverage; otherwise, both the family member and family deductible apply. For family coverage, each covered family member has their own family member deductible, in addition to the family deductible. No single family member can contribute more than the family member deductible. If a covered family member meets their family member deductible, benefits are payable by Blue Cross NC for just that member. Once the family deductible is met, it is met for all covered family members.

## Embedded Out-of-Pocket Maximum Definition

This health benefit plan has an embedded out-of-pocket limit. The individual out-of-pocket limit applies if you selected individual-only coverage; otherwise, both the family member and family out-of-pocket apply. No single family member can contribute more than their family member out-of-pocket limit. If a covered family member meets their family member out-of-pocket limit, Blue Cross NC will pay 100% of covered services, up to the allowed amount, for just that member. Once the family out-of-pocket limit is met, Blue Cross NC will pay 100% of covered services, up to the allowed amount, for all covered family members.
